

RW Moore Equipment Company  
 PO Box 25068  
 Raleigh, NC 27611  
[www.rwmoore.com](http://www.rwmoore.com)

"The 2054 and 2554 will allow you to get the most wood out of your logs."

The 2054 and 2554 improve efficiency by: Offering lower fuel consumption increasing productivity.

You get 7'8 every time! Allowing Loggers to get more logs out of the tree because of the head's automatic computerized processing.

OPS, ROPS and FOPS approved! We have the only OSHA approved cab!

Call Greg Browning today at **800-810-8572** for more information!

JOHN DEERE

These heads are purpose built forestry carriers designed for the woods!

**Service. With us it's a profession, not a sideline.**

We are a large full-service dealer offering an international product with a regional team and local ownership.
